early. When Mr. Hanna was asked what had been done during the day he replied:

"Well, I can hardly tell. A great deal of routine was taken up and disposed of. Some matters of importance relating to the various States and the way the campaign is to be waged within them were discussed. By the end of the week we shall have everything in smooth running order. I expect to get away from here within a day or so, but Mr. Scott, General Clayton and other members of the committee, as well as Mr. Hobart, will always be at hand to look after affairs.

Mr. Hanna said that it would be ill-advised for him to talk about a third ticket, and he was also disinclined to talk about the statements that had been made in which Mr. Bryan had been named as the paid attorney of a ring of silver-mine owners. He said that, further than what he had seen in a speech made by Senator John M. Thurston, he had no knowledge of this point.

ALPHA CLUB PLANS FOR THE CAMPAIGN. The first call to arms for the National Republican campaign on the East Side was issued last evening from No. 741 Fifth-st., the headquarters of the Alpha Club. The Alphas, always in front when an honorable fight is in sight, called a special meeting to de side when and where the educational campaign for honest money among East Siders should begin. meeting opened with crowded clubrooms. It was de-cided that the first week in September would be the fitting time to begin the active work of educating the doubters as to the benefits of a sound-money policy up to a proper appreciation of what disaste metal standard would mean to the United States. It was planned that then an open-air mass-

importance of the campaign that is to carry McKinley and Hobart to the White House.

It was the sense of the meeting that an earlier beginning of the Alpha's educational campaign would
find the weather too hot for effective work. At the
open-air mass-meeting committees will be appointed
to airrange the details of the fight for honest money,
and it is expected that then there will be no let-up

The principal speaker at last evening's meeting
was Senator Page, of the XVth Senate District. He
was introduced by President D. W. Kohn, of the

dechration of what each man's duty must be in the

SENATOR WHITE TOO BUSY.

Los Angeles, Cal., Aug. 3 .- Senator White, the chairman of the Notification Committee appointed by the Democratic National Convention, will be unattend the notification of Bryan and Sewall in New-York on August 15. The Senator is busy with his law practice which accumulated during his absence in Chicago, and he cannot leave Los Angeles for some time to come. He has, however, completed the official form of notification and forwarded it East, where it will be signed by all the members of the committee. The presentation of the notice would naturally, in the absence of Senator White, fall on Senator Daniel, the temporary chairman, but the Virginian is absent in Europe, so Governor Stone of Missouri will probably head the committee.

W. BOURKE COCKRAN'S VIEWS. HE HAS MORE TO SAY ABOUT THE DEMOCRATIC REVOLT-HIS REASONS FOR SUPPORT-

ING M'KINLEY. W. Bourke Cockran was in his office at No. 3 Broad-st. yesterday, and was asked if he would support a third ticket if one were nominated, notithstanding the views expressed in his interview

yesterday morning. "If a convention be held," replied Mr. Cockran, "at which all Democrats can be represented who, believing that the party has been betrayed at Chicago, are determined that its principles shall not perish for lack of efficient organization, and free interchange of opinion be had among its members, I should be strongly inclined to accept its decision, whatever it might be. I think it re important that the Democratic opponents of Mr. Bryan should be united in one movement than that any particular form of opposition should

By the way, in the comments on my interview published this morning I notice a singular misapprehension on the part of some newspapers. It is assumed that the plan suggested by me contemplated merely the assembling of a convention which would adopt a genuinely Democratic platform, nominate McKinley electors and stop there. When I said that Democrats meeting in such a convention as I suggested, while nominating Me-Kinley electors, would provide for a really Democratic opposition to the McKinley administration during the period of its existence, I thought it would be clear that I meant a substantial and effective opposition. Such an opposition could find expression nowhere but in Congress, and it could. therefore, be maintained only by bringing those Democrats who, in face of treason and cowardice, remain unyielding and unterrified into a new organization which would nominate candidates for State officers, for Congress and for the State Legislature in every State where the existing organization had renounced the ancient creed of the party by indorsing the Populistic platform and candidate. Every Democrat who refuses to supcandidate. Every Democrat who refuses to support the Chicago platform regards the defeat of the absurd propositions for which Mr. Bryan stards as the paramount issue of the campaign, and since the simplest and most effective method of accomplishing that result is to nominate McKinley electors, I believe in following that course. In a contest of this character I believe the people would prefer a direct to an indirect method of expressing their abhorrence of communism, Populism and Anarchy. With Mr. Bryan and his Socialistic programme disposed of, opposition to McKinley and McKinleyism would become the duty of the Democratic party. No organization which had indorsed Mr. Bryan could ever after be considered Democratic. If we are to have a Democrate party in the future, those who cherish its principles must be organized to take up the defence of them in city, State and Nation the moment the so-called regular organizations join the Popullistic forces.

ment the so-called regular organizations join the Populistic forces.
"These are my individual views, and I have seen no reason to modify them; nevertheless, I have no doubt that if a representative Democratic Convention be assembled, whatever course it may decide to adopt will be the wisest and best method of dealing with this crisis."

MORRISON ON CURRENT POLITICS. DOES NOT BELIEVE THE CHICAGO PROGRAMME WILL BRING DESIRED RESULTS.

Chicago, Aug. 3.-William P. Morrison, ex-Congressman, and a member of the Interstate Commerce Commission, is at the Palmer House, with Commissioner Youmans. In his room at the hotel last night Mr. Morrison was willing to talk on most any subject except politics. To a question as to what he thought of the Watson-Sewall end of the Democratic ticket, he replied:

"I haven't a word to say about it. You probably understand that I am not high in the councils of the Illinois Democracy this year. Really, all I know of its plans and intentions I glean from the

word to say." What are your personal views on the currency question?

"I want both gold and silver; but I must pose as man who freely admits having no practical plan of settling the matter under dispute. Even after all the conventions and wise resolutions offered by all the parties, I am without a plan which would accomplish what I would like to see—namely, both gold and silver under redemption. I don't believe my Democratic friends are going to secure it unlimited coinage, although Mr. Bryan and his adherents doubtless think it can be done. On the other hand, I could find things quite as objection-

"We certainly need an established currency basis and we as certainly need silver. Most everybody concedes these necessities. Republicans and soundmoney Demcrats hope to accomplish their purposes through international agreement. Sliver Democrats are going to have silver money on equal terms with gold by coining it in the same way. But, for one, I do not think the proposed plan of coinage will ever bring about the hoped-for result. The plan outlined in the Chicago platform will certainly not bring it. An international agreement may, but there are no signs of this being an accomplished fact at an early day.

"Allison's statement to the effect that there are evidences abroad of a movement whereby silver will come into redemption at once on the same basis as gold is information not possessed by me.

"But I do not care to talk currency or politics. There may be tangles in the Democratic party, but they are not for me to straighten out. As I said, I am not running the Democratic party this year." noney Demcrats hope to accomplish their purposes

CABLE READ OUT BY SILVER DEMOCRATS. Chicago, Aug. 3.—Ex-National Committeeman 3en T. Cable, one of the leaders of the soundmoney bolting movement in Illinois, was read out of the Democratic party this morning at the meeting of the State Central Committee. The places of the following members of the committee were filled by new men: John P. Hopkins, Ben T. Cable, W. S. Foreman, R. F. Spangler and A. A. Goodrich, Of these Messrs. Hopkins and Foreman have already resigned, and Mr. Spangler handed his resignation to Chairman Hinrichsen this morning before the meeting was called to order. Ex-Judge Goodrich, who had been deposed at the Peorla Convention was already disposed of, so that the committee had practically only the case of Ben T. Cable to handle. practically only the case of Hen T. Cable to handle.

A. W. Bastian was elected a committeeman in his place. The new members appointed to-day were A. W. Bastian, vice Cable; F. W. Harill, vice Foreman; Alex J. Jones, vice Goodrich; Carter H. Harison and A. S. Trude, vice Hopkins and Spangler. Governor Altgeld came to Chicago to be present during the deliberations, but refused to take part or to be interviewed. All of the party leaders and State candidates were also in attendance.

KENTUCKY'S SOUND-MONEY DEMOCRACY. Louisville, Ky., Aug. 3.-The gold-standard Democratic Executive Committee has issued an address to the Democrats of the State, calling on them not to support the platform and nominees of the Chicago Convention. The address in part is as follows:

Convention. The address in part is as follows:
The Chicago Convention openly repudiated all previous Democratic platforms and principles, and enunciated reckless, dangerous and un-American creeds, many of which have been traced back to Populists or Socialists. It declared for what would lead to the repudiation of National and individual obligations and credit. It formulated a scheme for debasing the Nation's money, under which the established standard of values would be reversed, the purchasing power of the wages of labor be reduced one-half, and our Nation be set back from its financial place among enlightened peoples, to a monetary fellowship with Mexico, Peru and the silver monometallist nations of Asia.

The address concludes by calling on Democrats

The address concludes by calling on Democrats who are against the Chicago nominees and plat-form to meet in mass-meetings in their counties August 15 and select delegates to the State Conven-tion, which meets in this city August 20.

THE DANIEL JACKSON REPUBLICAN CLUB. The Daniel Jackson Republican Club of the XIXth Assembly District will hold a meeting tonight in the St. Nicholas Skating Rink, at Sixtysixth-st. and Columbus-ave. A large attendance of members and their friends who are desirous of falling in line is expected. Although this club was only organized a few days ago, it has now a membership of 175, and from present indications this number will be greatly increased. All Republicans who desire to see things moving in the XIXth Assembly District are cordially invited to the Jackson Republican Club to-night.

DEMOCRATIC HEADQUARTERS OPEN. ROOMS AT THE HOTEL BARTHOLDI IN READINESS FOR WORK-BRYAN MANAGERS PREPAR-

ING PLANS FOR MEETINGS. Some order came out of chaos on the second floor of the Hotel Bartholdi yesterday, and the Democratic headquarters were supposed to be in run-ning shape. No one of prominence arrived, probably, as a waiting official thought, because no one had yet heard that the headquarters had been formally opened. There were several ward politicians who sat in the first room, looking vainly around for cuspidors. There was also one citizen who called to ask a question about free silver, and was in-formed by an official that "the question couldn't be argued there; that he must ask for information

from the speakers at meetings." George D. Bayard, a cousin of Thomas F. Bayard, Ambassador at London, is one of the officials in charge. When asked regarding the Ambassador's reported opposition to the free-silver idea, he said:

We hope that he will be with us before the end of the campaign. The real surprise in this campaign is the number of Republicans-young men and old men-who are coming in here, announcing their intention to vote for Bryan and Sewall. say that they are tired of the old political leaders, tired of seeing the same old names in print always during a campaign. Why, in the first letter ope here in this morning's mai, was a check for \$50 by a prominent Republican, who wrote that he is with us. Bryan will carry New-York State. No plans were made yesterday, and none are in sight yet regarding meetings that may be held or speakers, except the notification meeting in Madison Square Garden on August 12, when Bryan will appear. It is announced that Governor W. J. Stone, of Missouri, will probably make the speech of notification. Senator Daniel, of Virginia, being in Europe, will not attend; neither will Senator White, of California. The question whether or not this city will be selected as the place for the headquarters of the Democratic National Committee was not yet decided yesterday, the intimation being given that it will all depend on the reception extended to Mr. Bryan. If it does not come up to expectations, the National headquarters will probably be at Washington, which is most favored by Chairman Jones. He is now in the Capital, and is expected at the Bartholdi within a week. According to advices from him, he has so far decided on only a few members of the Executive Committee.

Among the callers at the Bartholdi headquarters yesterday afternoon was a delegation of three representing the Bryan Free Silver League, of No. 150-East One-hundred-and-iwenty-afth-st. J. W. Sav-No plans were made yesterday, and none are in

ers, and Mr. St. John said that he would consider the subject.

The National Silver party's headquarters are merged into the Democratic quarters. O. Summer Teall yesterday occupied a room, waiting for visitors who wanted to declare for silver.

Treasurer William P. St. John's first act after getting his headquarters opened yesterday was to issue a request for money contributions in aid of the "cause." Mr. St. John is not particular from what kind of Democrats the eash comes, and if he can extract it from sound-money Democrats under the belief on their part that the funds are simply to aid the "Democratic campaign," that will not disturb the Popocrat free-silver managers in the least.

will not disturb the Popocrat free-silver managers in the least.

"Oille" Teall's disappointment at his recent failure to secure a job in the Street Cleaning Department is said to explain in a measure his appearance at the Popocrat free-silver headquarters as a deputy sub-assistant in the employ of the Bryan-Watson-Sewall dimflammers. He prepared himself for his present associations by a short so-journ in a particularly "tough" section of the lower East Side, in the Hd District. "Oille" told persons whom he was able to hold by the button-hole long enough that he was there "reclaiming the Hd District to Republicanism." The election returns, however, falled to indicate that "Oille" had proved a howling success in the "reclaiming business."

had proved a howling success in the "reclaiming business."

When the funds which sustained his "slumming" venture gave out "Oille" went into the show business at Herald Square. This proved so unremunerative that "Oille" was obliged to call in the assistance of an assignee. "Oille" has been accused of "hoodooing" whatever scheme he was permitted to take a hand in.

It was said yesterday that "Oille's position at Mr. St. John's headquarters was to be largely ornamental. He possesses a lovely head, decorated with glowing auburn hair, which, when first released from the curl papers in the morning, adds largely to the attractiveness of his winning smile, "Oille's" charms at the Bartholdi are to be concentrated upon alleged Republicans whose minds have been weakened from any cause, and who may become victims of the silver disease if properly treated. He relies largely upon his force of pretty typewriters to aid him in his work.

wich.

The meeting also perfected plans for the convention of the honest-money Democrats of the State, to be held in the Hyperion Theatre on Wednesday evening, August 12. It was decided to have as one of the speakers ex-Congressman Lewis Sperry, Admission to the convention will be by ticket only.

Concord, N. H., Aug. 2.—The leaders of the gold-standard Democrats have begun a campaign for the standard Democrats have begun a campaign for the purpose of securing the election of such delegates to the State Convention in this city, on September 2, as favor a declaration on State issues and the ignoring of all allusion to the nominees and platform of the Chicago Convention. This scheme will precipitate a sharp fight, and in the present temper of the rank and file of the Democracy of New-Hampshire will probably be overwhelmingly defeated.

DESECRATION OF A SACRED EMBLEM. CARRYING A CROSS OF GOLD THROUGH THE STREETS CRITICISED BY A PRIEST.

Louisville, Ky., Aug. 3.-Pather "Tom" Major, an ex-Confederate soldier, in his sermon at Sacred Heart Church, Frankfort, yesterday, criticised the Franklin County sliver men for carrying a cross of gold through the streets. He urged Catholics to take no participation where such things were done.

For in stance, Wyoming is a great sheep-raising State, and the policy of free wool has been ruinous to that

the policy of free wool has been fulnous to hat industry.

"Above all, the general sentiment of the Republicans of my State is that, in spite of the Democratic platform and the protestations of its candidate, the Republican party is, after all, the best friend of silver, and if it is ever recognized at the mints of the country again it will be through the medium of the Republican party.

"There have been no defections from the party of prominent workers at least. There are always some changes noted in Presidential years, but the working force of the party has remained intact for the reasons stated. What isolated defections there have been have been made up by accessions from the other parties, and we anticipate that McKinley will carry Wyoming by fully the usual party majority, if not a little more."

UNWORTHY ATTACK ON H. C. PAYNE FAILS Chicago, Aug. 3-Organized labor will not ask for the removal of Henry C. Payne from the National Republican Executive Committee. Agitation in that respect has been dropped by the Chicago Board of Trade and Labor Assembly after a review of the evidence. The Milwaukee trades-unions have officially requested a discontinuance of hostility to Mr. Payne. The attempt to prejudice wage-earners against the Wisconsin committeeman was overwhelmingly defeated at a regular meeting of the Trade and Labor Assembly at Bricklayers' Hall yesterday.

SOUND-MONEY DEMOCRATS. ORGANIZATION FOR EFFECTIVE CAMPAIGN WORK GOES STEADILY ON.

Chicago, Aug. 2.-Four National Committee were added to the list to-day of sound-money Democrats who will attend the Indianapolis meeting. W. B. Haldeman, of the National Executive Committee, sent word that T. B. Neal, president of the Atlanta Chamber of Commerce, would represent Georgia. Lynde Harrison, a delegate to the late Convention, telegraphed that David A. Wells, of Norwich, the original free trader; Charles G. Root, of Waterbury, and Joel Sperry, of New-Haven, would represent Connecticut at Indianapolis. Ohio' National Committeeman is ex-Congressman J. H. Outhwaite. Texas will be represented by George Clark, M. L. Crawford and J. H. Smith. The committee received a letter from William T. Jenney, chairman of the Young Men's Democratic Club of Boston, stating that the club, which had already a membership of 1,200, had repudiated the Chicago platform and candidates, and was engaged in active campaign work for the proposed ticket.

John C. Bullitt, the Pennsylvania sound-money organizer and National Committeeman, wrote that a meeting of representative men from each county in the State would be held for the purpose of perfecting an organization.

SENATOR FAULKNER IS CHEERFUL. HAVING CLIMBED INTO THE SILVER BAND

WAGON, THE PROSPECT LOOKS ROSY TO HIM. Washington, Aug. 3 (Special).-Chairman Faulk ner, of the Democratic Congressional Committee is in a more cheerful humor these days than Chairmer was a sound-money Democrat; now he is managing and directing a campaign to elect free-silver House of Representatives, and seems to enjoy the task. In fact, he said to-day: have found a safe and comfortable seat in the band wagon and am enjoying it hugely." If a sound-money Democratic ticket is placed in the field, which I doubt will be done, it will not receive many votes, in my opinion. You see, this is to be a fight to a finish, and most voters will want to register their verdict in a way to make it as effective as possible."

In Mason County live Bryan and Sewall clobs have been formed, wholly composed, as I am informed, of men who nave here-tofore been Republicans. From Maryland and other States comes similar information. Yes, free-silver sentiment is spreading and growing stronger daily, if the information that comes to us is correct."

READY FOR A LIVELY CAMPAIGN. A RUSH OF VISITORS AT THE REPUBLICAN NA-TIONAL HEADQUARTERS-MANY LARGE MEETINGS COMING.

Increasing interest in the campaign was manifested yesterday by the growing number of callers at the Republican National headquarters, in the Metropolitan Life Building. The fifteen large rooms were filled from morning until night with visitors, and in the corridors were groups of men discussing the political situation. Chairman Hanna was busy throughout the day

receiving callers in his private office, and Secretary

receiving callers in his private office, and Secretary Perkins conferred with visitors from the moment he entered his office, refreshed and invigorated by a Sunday visit to the Van Dien cottage, at Ridgewood, N. J.

The mail yesterday was the beaviest which Mr. Perkins has yet opened. Among the letters were many encouraging advices regarding the outlook in the country, with announcements of Democrats who have declared their intention to vote for Mc-Kinley and Hobart.

With the arrival of Powell Clayton, who has charge of the speakers, arrangements for large meetings will be made soon. An evidence of the rush of callers to headquarters is seen in the riarting of an express elevator, in charge of E. R. Sayre, which runs only to the floor on which the headquarters are located, making no other stops.

BRYAN'S EASTERN ITINERARY.

Lincoln, Neb., Aug. 3.-The much-studied itinerary of Mr. Bryan has at last been settled definitely. He will leave Lincoln on Friday, August 7, at 2:05 p. m., by the Rock Island route, and is due to reach Des Moines at 9:30 o'clock that night. The nomince will Moines at 9:30 o'clock that night. Every day engagements are entered into, and marriages are made between people who have no business to be married. Women enter into the most serious obligation of life without the proper physical When a woman marries itly makes the declaration that she means to become the mother of children. This declaration ought also to mean that she is physically able to perform what to mean that she is physically able to perform what she undertakes. The bearing of a child is all too frequently an injustice to both mother and child. The woman who expects to bear intellectual and physically healthy children, should be herself in strong and vigorous health. The organs that make her a woman should be free from any taint of disease or weakness. If they are not, the child will have a bare chance for health, and the mother may easily make herself a weak, nervous, semi-invalid for the rest of her life. Female weakness of any kind—whether hereditary or acquired—may be cured by the right sort of treatment. Dr. Pierce's Favorite Prescription is designed for the treatment and cure of just this one of treatment. Dr. Pierce's Favorite Prescription is designed for the treatment and cure of just this one class of diseases and no other. It works in a perfectly rational way directly on the organs affected. It cleanses them of all impurities; allays any inflammation that may be present—and that generally is present in sickness; restores the organs to their natural, healthy, regular action—prepares them for the accomplishment of woman's greatest work, and if taken during gestation, the time of parturition will taken during gestation, the time of parturition will

be comparatively safe and painless.

The "Favorite Prescription" is not a cure-all, and if the general system is rin down, Dr. Pierce's Golden Medical Discovery should be taken in connection with the "Pavorite Prescription". These two medicines together have the most wonderful influence on a woman's health.

AN OBJECT LESSON IN MONEY

UNITED STATES SILVER NO LONGER AC-CEPTABLE IN CANADA.

AMERICANS WITH SILVER COIN AND SILVER CERTIFICATES FORCED TO GO TO THE MONEY CHANGERS IN MONTREAL-

CANADIANS AMAZED AT THE THREATENED RE-

[BY TELEGRAPH TO THE TRIBUNE.] Montreal, Aug. 2.—The fruits of the free-silver egitation in the United States are already brought home in a forcible and direct manner to Americans travelling in Canada. American silver money is no longer acceptable here. For years it has passed current, equally acceptable with Canadian coin, but the Canadians have decided that self-interest demands its rejection hereafter. The new rule went into effect generally on Saturday, but Saturday is a half holiday, and yesterday was Sunday. so the full effect of the change was not felt unti

The result is that people who have come over the line with their pockets full of silver coins and silver certificates are enjoying an instructive object lesson in finance. They are learning prac-tically what it means to try to pass money worth only half its face value. The streetcar conductors will not accept it for fares, the shopkeepers don't want it, the banks have no use for it. The hotels and transportation companies accept it only under protest, and because they would avoid scenes with their patrons. Even the bootblack looks askance when a dime is handed to him in payment for

when a dime is handed to him in payment for a shine.

Everybody is suspicious, and the visitor is plied with questions as to the probable outcome of the election in the States. It is not a pleasant externed to believe that the money which bears the stamp of the United States is as good as a bond, that it is honest and means what it says on its face. It is likewise unpleasant for him to find that he must go to the money changers and pay a big discount to get the wherewithal to pay his way. He fails entirely to see why cheap money is a desirable thing, and wishes heartily that some of the would-be repullators and not he were getting the benefit of the experience.

The interest taken in the sliver question here is amazing. People in every walk of life are discussion as to whether or not a debased currency should receive their approval. The absurdity of the proposition makes them very sceptical as to the final success of the free-sliver campaign, but they cannot help seeing that the movement has obtained dangerous headway, and they do not propose to put themselves in a position to be loaded down with money on which they may have to stand a loss of nearly 50 per cent.

BUFFALO'S ACCOMMODATIONS LIMITED. CHAIRMAN HINKLEY MAY CALL THE DEMOCRATIC CONVENTION TO SARATOGA.

Poughkeepsie, Aug. 3 (Special).-Chairman Hinkley, of the Democratic State Committee, has not yet decided the question of holding the State Convention in Buffalo on September 16. Mr. Hinkley's rep-"Oh, I resentative, who went to Buffalo to see how matters stood there, reported to the chairman to-day that stood there, reported to the chairman to-usy that about 1,500 people could be comfortably accommodated in Buffalo during the week of September 16. This would take care of the delegates, alternates and immediate friends, but it would leave several thousand visitors without accommodations. Mr. Hinkley said to-night that the would confer with some friends in New-York to-morrow, and after that he might be able to announce a decision. He said that if it was decided to hold the convention anywhere besides Buffalo it would certainly be at Saratoga.

FLORIDA GOLD DEMOCRATS MEET. THE SENTIMENT WAS FOR M'KINLEY IN PREFER-ENCE TO BRYAN.

Jacksonville, Fla., Aug. 3.-A meeting of gold men of Florida was held in this city to-night at which about fifty advocates of a single gold standard were present. Only seven of the forty-five counties of the State were represented in person, but eight others Dr. John L. Gaskin, of Bradford County, ex-Speaker of the State House of Representatives, was elected delegate to the Indianapolis meeting, and D. G. Ambler, of Jacksonville, a National bank president, was elected alternate. Resolutions indorsing and agreeing to support the Democratic State ticket were adopted. The majority of the candidates on this ticket are for free silver. A committee was appointed to call a State gold convention to nominate Presidential electors and delegates to a National Convention if the Indianapolis meeting decides to put up Presidential candidates. The sentiment of the meeting was for McKinley in preference to Bryan. of the State House of Representatives, was elected

SCHEMING TO CHEAT VOTE A TRICK OF THE FREE-SILVER DEMOCRATIC LEADERS EXPOSED.

Washington, Aug. 3 (Special).-If information imparted to certain Republicans here is correct, and ne sources from which it came leave no room to doubt its authenticity, the free-silver Democratic eaders are already planning to cheat a large proportion of their own followers and all the Populists in a matter which is regarded by them as vital, or else to cheat all the men who object to free coinage of 53-cent dollars, but who would not object to free-silver coinage if they could be made to believe that no silver dollar would be coined that did not contain bullion commercially worth 100 cents. The question of ratio is regarded by these men as an all-important one, and they will never knowingly vote to foist upon the people of the United States depreciated coinage or currency. Both the Chicago Convention and the Populist National Convention declared in favor of free and unlimited silver coinage at the ratio of 16 to 1. Now information comes that appeals are already in cir-culation for use among voters who would not object to the free coinage of a 100-cent silver dollar, the gist of which is that if Bryan is elected and is backed by a free-silver Congress the question of ratio is to be reopened, and that no law will be passed for the free coinage of a silver dollar passed for the free coinage of a silver dollar that is not commercially as valuable as a gold dollar. These appeals are expected to satisfy the scruples and win for Bryan the votes of a good many thousand honest voters who object to the free coinage of 54-cent dollars or any other dollars that are commercially of less value than 190 cents.

If the pledges are made in good faith and with any idea that they will be redseened, then the design is to cheat every man who favors free coinage at the ratio of 16 to 1, and if the pledges are not made in good faith the design is to cheat honest voters who are inflexibly opposed to any depreclation of the coinage. Under the circumstances and in view of the votes of free-stiver men in the last Congress and in several preceding Congresses, the irresistible conclusion is that the pledges are made in bad faith, and for the purpose of cheating honest voters.

POLITICS IN QUEENS COUNTY. John Lewis Childs, Tredwell Abrams and ex-Su-pervisor Martin V. Wood, the delegates elected at

Mineola last Wednesday to represent Hempstead town at the Republican State Convention, are all anti-Wallace men and unfavorable to the latter's candidacy for District-Attorney, Mr. Wallace has declared that he is for honest methods, as well as for "sound money." Richard C. McCormick's refusal to accept again

the nomination for Congress for the 1st District of New-York has caused much regret throughout Queens County. Suffolk is rejoicing, however, as it has a number of good men for the office, and expects to receive the cherished prize, Tredwell D. Smith, of Miliburn, is being men-

Daniel Brown, counsellor-at-law, of Far Rockaway, has his eye on the District-Attorneyship on the Democratic side.

County Treasurer Joseph Dykes, having declined a renomination, ex-Sherin James Norton is a candidate for the nomination.

The sound-money sentiment is increasing in Queens. Everywhere new names are being added to the Republican association rolls of men prominent for years in the Democratic Iold, and the end has not yet been reached.

Thomas B. Seaman, president of the Wantagh Democratic Club, has resigned, because he feels that he cannot support the free-silver candidates for President and Vice-President.

Republicans of Freeport will meet the first Saturday evening next month and organize a McKinley and Hobart Club. A special programme is being prepared.

While recognizing Mr. Platt as a leader in the party whose service may be more or less valuable in the campaign, it is not likely that Mr. Harta places such a value upon it as would induce him to risk the whole direction of the Republican cottest in this State in Mr. Platt's keeping or in that of his immediate political associates.
